

Club Delire!

The secondary students (French section) are pleased to announce the birth of the club Delire, a book club recently founded in the school. Participants come from secondary classes and meet regularly every other Wednesday, creating a true cultural mosaic to exchange and share culture.

The club operates at the rate of the school year. It is here to help our students make reading an exciting or even "crazy" habit. It is driven by curiosity and a love of reading. The meetings where sharing books, comments and opinions take place follow a strict and effective discipline.

As for the selection of books, it varies between the new writings of the members' favorite authors', classics, detective novels, beautiful albums and fascinating documentaries. Everything is for the school year to be a rich and rewarding adventure ... but above all, a great adventure that we hope to extend and renew over the years to come.

Rana Baroud Abi Raad
Literature teacher (Secondary classes)
Zouk Mosbeh, January 24, 2012.

Our first release. Destination: the 18th book fair held in Beirut, in Biel.
